of the federal state budgetary
educational institution of higher
education "Dagestan State Medical
of the Ministry of healthcare
of the Russian Federation
dated September 30, 2019
(Protocol № 2)**

**Approved
by the rector's order No.145-пк
dated September 30, 2019**

The procedure

of consideration the individual achievements during the admission for training on programs of a specialist degree to the federal state budgetary educational institution of higher education "Dagestan State Medical University" of the Ministry of healthcare of the Russian Federation in 2020/21 academic year.

Applicants on training have the right to submit the information about their individual achievements the results of which are taken into account during the admission for training. The consideration for the results of individual achievements is held by accrual the points for individual achievements and (or) as an advantage if the amount of competitive points is equal.

The points which were accrued for individual achievements are included in the amount of contest points.

The applicant submits documents which confirm the reception of the results of individual achievements.

During the admission for training on programs of a specialist degree the University accrues the points for the following individual achievements:

- 1) having the certificate of Secondary general Education with honors or a certificate of Secondary (full) general Education for those who were awarded with a golden medal or with a certificate of Secondary (full) general Education for those who were awarded with a silver medal - 3 points;
- 2) having a diploma of Secondary vocational Education with honors - 3 points.

During the admission for training on programs of a specialist degree the University considers as an advantage all things being equal whether an applicant has the status of champion and prize-winner of Olympic games Paralympic games and Deaflympics, world champion, European champion, the person who took first place in the world championship, the European championship in sports included into programs of Olympic games, Paralympic games and Deaflympics.
