(Protocol № 2)**

**Approved
by the rector's order No.145-пк
dated September 30, 2019**

The regulations about admission examinations.

during the admission for training on programs of a specialist degree to the federal state budgetary educational institution of higher education "Dagestan State Medical University" of the Ministry of healthcare of the Russian Federation.

For the purpose of an objective assessment of the knowledge of those who enters for training on programs of a specialist degree to the federal state budgetary educational institution of higher education "Dagestan State Medical University" of the Ministry of healthcare of the Russian Federation (hereinafter-the University) the admission examinations in the General education subjects are held in writing in the form of tests.

Testing is mandatory for all of those who enters for training on programs of a specialist degree to the University, who has the right and expressed a desire to enter based on the results of admission examinations which are held by the University individually, in accordance with the Federal law dated 29.12.2012 No. 273-ФЗ "On education in the Russian Federation".

The Testing is held in the written form. The works of applicants are evaluated by the subject examination Commission on a one hundred-point scale.

Testing on admission examinations in Chemistry and Biology is held according to the programs formed on the basis of the federal state educational standard of general Secondary Education and the federal state educational standard of basic General Education taking into account the need to match the level of complexity of such admission examinations to the level of complexity of Unified State Exam on the relevant General subjects.

The admission examination in Russian language is held in the form of a dictation - test.

The form and texts of the tests are submitted by the Chairmen of the Subject Examination Commissions, approved by the admission Committee and by the order of the University rector.

Replication and storage of admission examination are held in accordance with the Regulations on the admission Committee of the University.

The results of the admission examination are announced on the official website and on the informational stand of the University no later than the established term after the day of the admission examination's holding.

After the announcement of results of written admission examination the applicant (Trustee) has the right to see his work (work of an applicant) in the day of results' announcement of written admission examination or during the following working day.

Persons who failed one of the admission examinations (who scored the number of points that is lower than the established minimum number at any of the admission examinations which confirms the successful completion of the entrance examination) are not allowed to further tests and considered eliminated from the contest.
